Next weeks meeting program		

Community Service Ron – 2008 Bowelscan to be part of the District 9470 program, profits

after deducting local advertising are to be forwarded to district, as this is an Australian Rotary Health Research Fund project, it is anticipated that profits will be repatriated to that Fund.

Retired Rotarians: During DG Robyn's visit the possibility of recognising former Rotarians as "Honorary Rotarians" was canvassed by AG Fred, but for a number of reasons didn't suit the submission put forward by **PP Bevan**. What was needed is to get away from the current resignation of a Rotarian, which has the connotation that a persons resigning for whatever reason but normally as the result of a possible disagreement or other some other issue that requires drastic action resulting in resignation, while retirement is seen as more dignified way of leaving Rotary for whatever reason and the possibility of forming an alumni.

It was suggested that as an initial draft, Bevan put forward a written proposal, which will be further discussed at future meetings and could form an amendment to the club bylaws and possibly be submitted to the 2010 Council on Legislation.

Reminder to Directors that a Board meeting will be held on Monday evening 11th February

Sgt Colin

- Fined all those who are sick of the hot humid weather
- Attendance Officer Ted late for duty
- Frank for commenting on last weeks Sgts session that took longer than the Governor's address
- Bernie with some 47 weeks of accumulated leave is also contemplating retirement
- The rope at Bring & Buy is still causing problems but it would appear that the locks are now taking over as a source of frustration – John M & P/E Ron are the current culprits
- Phil and Kaye are about to spend a month in the UK (hope the weather warms up)
- John S divulged the fact that our Sgt is struggling with his new computer
- Vin fined however parked at the end of a cul-d-sac causing him difficulty turning his truck around
- Bernie fined last weeks bulletin editor for the article on Frankfurt Airport which caused him financial pain as Maureen now refuses to travel via Frankfurt

To complete the sage of conversations between Air Traffic Control and aircraft:

One day the pilot of a Cherokee 180 was told by the tower to hold short of the active runway while a Boeing 737 landed. The 737 landed, rolled out, turned around and taxied past the Cherokee. Some quick-witted comedian in the 737 crew got on the radio and said, "What a cute little plane. Did you make it all by yourself?"

The Cherokee pilot, not about to let the insult go by, came back with a real zinger: "I made it out of 737 parts. Another landing like yours and I'll have enough parts for another one."
