International Director Colin –

- Received a thank you letter from the Indonesia students we sponsor, which was translated by our guest speaker Cling, thanking us for our donation
- Advised of donation of \$1000.00 to the Addis ababa fistula hospital - Next meeting Rotarians will ask what type of hospital it is
- Also \$1000.00 to interplast

New generation Director Vin –

- Sending two thornlie high school student to the Leeuwin sailing adventure - This is a rotary programme.

Assistant treasurer John - New attendance forms are now in play – please only fill in the top section

Sergeant Colin fined

- Ron Bradborn for wearing Ron Bradocks name badge
- Chrissie for her Holden day – driving with hand outside of the car door
- Frank Keays .for changing the health system
- Phil - this time not flying first class but traveling by train first class to insure his sleep is undisturbed - booked both bunks
- Pres Andy – his ute is now finally used

Now what every one has been waiting for my notes on guest speaker Cling .

All I can say it was one of the best professional presentations I have ever been to. Considering it was only the second time she had presented - for the purest it was on Secreted frizzled related protein

Hi Mike,

I wanted to thank you and the other members of the Thornlie Rotary Club for a lovely evening, yesterday, and for giving my student the opportunity to speak about her work. Both Christy and I had a wonderful time and it was a pleasure and an honour to meet all of you. Thank you again for supporting Christy and the work she is doing in my laboratory. It is wonderful for students to have this opportunity both to work in the laboratory and to be able to present their results. It gives them an important sense of ownership and responsibility towards their research and is a great opportunity to practice their public speaking skills.

I wish you and all the members of the Thornlie Rotary Club the best for the future. Continue doing your good work!

Kind regards

Alice Vrielink Professor of Structural Biology
School of Biomedical Biomolecular and Chemical Sciences
