After the bad news he advised that he had attended the Tri-District seminar over the week-end which mainly discussed PR and advertising and a lot of brochures would be available for distribution and circulation. Ron was enamoured by a femme de fatale at the seminar who was from an under 30’s Endeavour club at Shenton Park. The club in question has 27 members of young professional people and is a morning club. Ron spoke with the president and proposed that a member comes along as a guest speaker. Unanimously supported by the club. He then said that <b>Colin Waters</b> had investigated complaint of surgical instruments being sold at B&amp;B and that all was above board. Ron Bradock elucidated that one of the stall holders was selling scissors and forceps and a complaint was raised that there was still tissue on them, but this was not the case as all instruments had been sterilised prior to be offered for sale. The stall holder removed them from view after Ron had spoken with him and will not be offered for sale again.</p> <p>Up and coming events:- Storm the Stage at Burswood 20<sup>th</sup> September, tickets \$25. If unable to attend a regular meeting "make-up" with 14 days either side of the date of the missed meeting except when outside the country of residence the time limit of 14 days does not apply. There are a number of exemptions which can be claimed as a "make-up" and this will be subject to further comment.
