Arthur introduced our Guest speaker, Amanda Lambros from Canada and very well traveled. She is taking a PHD at Curtin University for a Cyber – Safety degree, the only Uni in the world to offer such a course.

She informed us how and why kids use the internet and what to look out for to ensure that there is no abuse. There were quite a few 'do's and don'ts and it is for Parents to supervise their children and make sure they are safe from the nasty faceless people.

In response Geoff thanked Amanda for an entertaining presentation.
