Director Bevan read two letters from TAFE students who were recipients of our text book program – one was studying health science and the other financial services

Phil, waxed lyrically, following a make up at the Mandurah Rotary club. Sounds very much like he is applying for a transfer.

PE Mike reminded directors that there were club letter heads in the “Cupboard” for their us. Copies of all letters should be distributed to the Secretary for record purposes.

Sergeants’ session – with standing corporal, sergeant Gary

- Pres Chris for not knowing who her crab eating friends were
- Phil for putting crabbing in front of BnB and they ring John Stockbridge at 06.00 hrs to rub it in
- Colin R for becoming a grand dad a girl Abbie Jean weighing 7 lb 8 oz. Abbie is currently doing it a bit rough and is in Intensive care
- John Stockbridge and PP Doug for their double act in selling Bowel scan kits
- Ron Bradborn for being on a continuous walk around and shopping expedition when rostered for Bowel scan
- PP Bevan for his new car

The **box buy** of the week was by Bevan on Young Albert. Apparently Albert refused to include copies of Bevan’s business card in the Bowel scan kits.

As is club custom, the sergeant had directed young Albert to return the **club Chook** for reassignment. This was duly done and the sergeant – after great deliberation – assigned the chook to Ron Bradborn for the month of March. Ron’s contribution to the world of Rotary was that in his hurry to get away from BnB he locked the toilets with an elderly lady still inside. Seems like an old duck caused an old chook to go to an old rooster

Guest speaker was Sue Attwood who is Administration manager for Interplast and has been with the organisation since 1991. Sue is from Victoria and has been part of 6 off shore Interplast programs.

Sue gave a power point demonstration of the work Interplast does and the difference it makes to the lives of individuals that they see.

Funding was a continual issue of Interplast with each team requiring approx \$40,000 to enable the team of 2 surgeons, 2 anaesthetists and one nurse to do their work

The presentation was self evident and the club presented Sue with a cheque for \$2000 to assist with the next campaign
