Bulletin Editor Ron Bradock	Vocational Service: Swan TAFE – Rotary Student Subsidy Scheme, funding of \$500 for students books was approved. Canning Vale College, has put a proposal for funding a similar scheme – it is being considered.	Bevan Baskerville Bulletin Editor Ron Bradock
This Coming Weeks Guest Speaker	Club Forum	

New Generations:

The club is sponsoring four students for this year's Siemens Science Summer School.

Community Service:

- **PP Albert** advised that we have followed up on a request for a memorial at the Livingston Shopping Centre the recent incident, but we will not be participating.
- A request to participate in fund raising to provide a bionic arm for a lady who lives in Kingsley was received, discussed by committee and it was decided not to proceed. The details of four Rotary clubs in the Kingsley area were passed on to the people concerned.
- The funds in the **Helen Hosking Memorial Scholarship Fund** have been investigated and the result is that there are now adequate funds in the capital account and the income and expenditure account to support two scholarships for Dec 06 to Feb07. This is because of additional funds donated by our club over the past 3 years. A bring forward request will be submitted to our treasurer.
- **Australian Rotary Health Research** Fund has sent a list of projects to be discussed at the next meeting

International Service:

GSE Team to Tallahassee, Florida, applications received from

- Ross Taraborrelli – Pharmacist. The completed application papers are now with District GSE committee.
- Anna Wood – Science teacher at Canning Vale College, waiting on completion of application form.
- Brook Penfold – Mechanical Engineer with Bradken Mining, deferred until 2007 due to being four and a half months too young.

B-N-B \$1529

Sergeant Lew – Some general fines to add to the coffers.

Guest Speaker

Julian Coyne is a visiting Rotarian and at 26 years of age is the youngest member of the Rotary Club of Perth by about 26 years.

Julian is the Managing Director of Unified Solutions which creates and develops web sites. He read out a newspaper article on the "I" Generation and told us that he fitted the profile exactly.

- Age range 18 to 30.
- Works 80 hours per week.
- Conservative, as declared by his family at home.
- Politics, not very interested.
- Has an interest in property which he bought from the Rotarian who inducted him into Rotary.

Getting married next December.

When asked - Why did I join Rotary?

- Rotary was attractive to me as it seeks the traits that are important to me as an individual, people of good character, integrity and morality.
- Fitting in with both the conservative and selfish messages from the article but Rotary's long history and prestige is attractive to me.
- Rotary was also attractive to me as it has a professional focus to it.

This was a very professional presentation and Rotary clubs could use the information provided to look for new and younger members.
